Balloon rocket experiment: <http://discoverexplorelern.com/balloon-rockets/>

Boot camp obstacle course follow up (Caden and Rose) – set up an obstacle course so that it includes exercises such as star jumps, sit ups etc.

K-3 passing practice game – get kids in a circle and they have to pass the ball around the circle, without passing back to the person who passed to them, eventually more balls are added into the circle. When kids drop the ball they have to drop to one knee then two knees etc. until they're out. Use all different shaped balls – spikey, rugby, soccer, netball etc.

Table top handball – child suggestion. Use the two brown tables in the hall and it is a mini handball game on top of the tables
