| Reg. 110 | Ventilation and natural light |
| Reg. 168 | Education and care service must have policies and procedures |

Policy Statement

We will provide a clean and safe environment by ensuring that every effort is made to maintain a vermin free Centre. We will endeavor to do this with minimum use of chemicals.

Related Policies

- ENOSHCP Policy B-1: Facility Management
- ENOSHCP Policy B-2: Building Equipment Repairs and Maintenance
- ENOSHCP Policy B-6: Indoor Environment
- ENOSHCP Policy D-2: Hygiene
- ENOSHCP Policy D-4: Food Safety and Handling
- ENOSHCP Policy D-5: Hazardous Materials
- ENOSHCP Policy D-28: Workplace Health and safety

Procedure

Equipment and especially food items will be properly stored so as not to attract pests and vermin.

Refuse bins and disposal areas will be emptied and cleaned daily.

Kitchen and food preparation areas and storage will be cleaned and maintained daily.

All areas will be checked daily for any signs of pests or vermin.

Should any pests or vermin be identified then action should be taken to rid the Centre of the problem by:

- initially using non-chemical methods such as physical removal, maintaining a clean environment, and use of any non-chemical products
- low irritant, environmentally friendly sprays to be used minimally and only with adequate ventilation and preferably not in the presence of the children
- other methods such as the employment of a pest control company if deemed necessary by management where the above methods have failed

If urgent, the Nominated Supervisor may obtain a contractor from the School Office to address the problem as, being owner of the premises, the Department of Education Training has maintenance responsibilities.

If non urgent, the Nominated Supervisor will bring the problem to the attention of Management in their report and Management will decide on the appropriate course of action.

If any chemical treatments are deemed necessary, all parents will be notified.

Any use of chemical products should only be conducted outside the hours of both the children's and educators presence in the building.

All action will be taken to remove the children, educators and parents from the environment for as long as is safe and viable.
