National Regulations

Reg. 73	Educational Programs
Reg. 74	Documenting of child assessments or evaluations for delivery of educational program
Reg. 75	Information about educational program to be kept available
Reg. 76	Information about educational program to be given to parents
Reg. 168	Education and care service must have policies and procedures

My Time, Our Place

LO. 1	Children feel safe, secure and supported
LO. 3	Children become strong in their social and emotional wellbeing
LO. 3	Children take increasing responsibility for their own health and physical wellbeing
LO. 4	Children use a range of skills and processes such as problem solving, inquiry, experimentation, hypothesising, researching and investigating

Policy Statement

We aim to develop and implement a program that is stimulating, interesting and exciting, whilst also allowing opportunities for children to experience times of relaxation and leisure. The Nominated Supervisor will ensure that all technology is used appropriately and all movies, television programs and video games are suitable for the children's developmental level and are rated G or PG.

- ENOSHCP Policy E-2: Written Programs

Procedure

Various mediums of technology will be used at the Centre when appropriate. This includes computers, televisions, video games and other hand-held devices. Only movies, television programs and video games with a G or PG rating will be viewed.

Movies, television programs and video games should be planned as part of a balanced program of activities, which reflects the philosophy of the Centre. They could highlight a particular activity or interest in the program. They should not be a daily activity in the Centre and each child's participation time will be limited. Where programmed, such activities will be displayed for children and families to view (as per Regulation 75).

The program will be recorded in the program folder and clearly displayed upon entrance to the Centre for all Educators, parents and children to see (see Policy E-2: Written Programs).

Educators should attempt to preview the movie, television program or video game prior to showing it the children. In cases where this is not possible, the Nominated Supervisor will ensure the media has been checked for suitability using the online tool from the Australian Council on Children and the Media (<http://childrenandmedia.org.au/>)

Video games, hand-held devices or other electronic equipment will not be encouraged to be brought to ENOSHCP unless the program advises otherwise. Educators will not be held responsible for any equipment brought to the Centre and children will be encouraged to label their equipment and ensure the safe storage of them.

Permission to view movies at ENOSHCP must be given by parents upon Enrolment at the Centre via the Enrolment Permissions Form.

Alternative activities will always be available when movies, television programs or video games are being shown, and the use of such media in the program will not replace the supervision responsibilities of the Educators.
